

Intensive Business Support

Strategic Sustainability for SME Growth:
Hands-On Guidance

Who is it designed for?

This service is specifically designed for Small and Medium-sized Enterprises (SMEs), particularly those with 10 to 50 employees. It targets businesses that require strategic sustainability guidance and hands-on support to integrate sustainability deeply into their operations.

Why it benefits the Local Authority?

This program provides the Local Authority with a crucial mechanism to offer practical and pragmatic support for businesses. It helps ensure that local businesses are ready for upcoming regulation changes, gain a competitive advantage in the market, and are well-prepared for tender opportunities and funding applications. This ultimately contributes to sustained growth and job creation within the local economy.

What participants gain out of the program?

Participants receive in-depth, strategic sustainability guidance to integrate sustainability into their core business strategies.

This tailored support helps businesses meet regulatory requirements and stakeholder expectations, while also future-proofing their operations. Businesses gain practical advice and detailed workbooks for ongoing support, positioning them for sustained growth and job creation.

About Sustainable X

We are Sustainability Consultants that help organisations focus on what matter. We aim to share knowledge, drive impacts and support businesses and organisations to meet their objections through Sustainability initiatives.
